

Our New Office

The Coalition-SGSL has a new 408 square feet office in the Pavillion Irène Léger of the Université de Moncton, Campus de Shippagan.

A little closer view....

Easy to Find!

The Campus is in an old convent which makes it easy to spot! Our office is in the Campus' main building that you see here.

This is the side entrance to the building and the most direct entrance to our office. Soon we will have a sign outside and you'll be able to see where to go as soon as you get out of your car!

The Caisse Populaire Acadienne is across the parking lot from this entrance, and the Shippagan Aquarium is just behind this section of the Campus.

The view on the Inside!

And here is the office view from the door looking in

And from within looking out

The view on the outside!

And finally, what do you do after a hard day working for the Coalition-SGSL? You go for a walk ...

...and enjoy the beauties of coastal living!

We look forward to receiving members, partners, students and visitors to our office soon.
Stay posted for new announcements!
